

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

5

**Listing of Claims:**

10 Claims 1-20 (Cancelled).

21. (Previously amended): A converting device for converting a box score of a hockey game to statistics from intermediate data, comprising:

a device for obtaining said intermediate data from said box score, comprising:

15 means for converting said box score to said intermediate data, comprising  
accrued time and goals scored during power plays of opposing teams; and  
calculating means for obtaining said statistics from said intermediate data.

GI

22. (Previously amended): The device according to claim 21, wherein said converting

20 means comprises a timer.

Claims 23 and 24 (Cancelled).

25. (Previously amended): A converting device for converting a box score of a sports  
25 game to statistics, said sports game comprising at least one portion comprising at least  
one team having at least a one player advantage over at least one other team, comprising:

a device for obtaining intermediate data from said box score, comprising:

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

means for converting said box score to said intermediate data, comprising  
accrued time and goals scored during said at least one portion; and  
calculating means for obtaining said statistics from said intermediate data.

5 26. (Previously added): The device according to claim 21, wherein said hockey game  
comprises a simulated hockey game.

27. (Previously added): The device according to claim 25, wherein said sports game  
comprises a simulated sports game.

10

28. (Previously added): The device according to claim 27, wherein said simulated sports  
game comprises a video game.

G1

29. (Previously added): The device according to claim 25, wherein said sports game  
15 comprises a hockey game.

30. (Previously amended): The device according to claim 25, wherein said device  
converts said box score into said statistics in real time.

20 31. (Previously amended): The device according to claim 25, wherein said device  
comprises a display.

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

32. (Previously amended): The device according to claim 25, wherein said box score is obtained during at least one of: any time during said sports game; the end of said sports game; after said sports game; before, at any time during, at the end of, and/or after more than one said sports game, wherein said box score is converted into said statistics, based  
5 upon a cumulative said box score from said more than one sports game and/or any additional portion thereof.

33. (Previously amended): A converting device for converting a box score of a sports game to statistics, said sports game comprising at least one portion comprising at least  
10 one team having at least a one player advantage over at least one other team, comprising:

61 a device for obtaining intermediate data from said box score, comprising:

a database for storing said box score.

means for converting said box score to said intermediate data, comprising

accrued time and goals scored during said at least one portion, and

15 means for storing said intermediate data; and

calculating means for obtaining said statistics from said intermediate data.

34. (Previously added): The device according to claim 33, wherein said sports game comprises a simulated sports game.

20

35. (Previously added): The device according to claim 34, wherein said simulated sports game comprises a video game.

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

36. (Previously added): The device according to claim 33, wherein said sports game comprises a hockey game

37. (Previously amended): The device according to claim 33, wherein said box score  
5 comprises at least one of: goals; goals for; all goals against; power play goals for; power  
play goals against; penalties for; penalties against; shots on goal for; shots on goal  
against; starting players (goaltenders); scoring; final score; all goaltending changes (if  
any); minor penalty; two-player penalty; major penalty; goaltenders total time played;  
total shots faced; total goals against; name of team; player; period and real time of  
10 occurrence, which created official time-out; total power play goals; total power play goals  
for; total power play opportunities for; total power play goals against; total power play  
opportunities against; and combination of at least any two thereof.

38. (Previously amended): The device according to claim 33, wherein said statistics  
15 comprise at least one of: composite power play; composite penalty efficiency; two-player  
power play; two-player penalty efficiency; major power play; major penalty efficiency;  
composite hot seat; hot seat two-player disadvantage; hot seat major disadvantage; earned  
goal average; and combination of at least any two thereof.

20 39. (Previously amended): The device according to claim 33, wherein said device  
converts said box score into said statistics in real time.

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

40. (Previously amended): The device according to claim 33, wherein said device comprises a display.

41. (Previously added): The device according to claim 40, wherein said display  
5 comprises a score board.

42. (Currently amended): The device according to claim 33, wherein said box score is obtained during at least one of: any time during said sports game; the end of said sports game; after said sports game; before, at any time during, at the end of, and/or after more  
10 than one said sports game, wherein said ~~at least one~~ box score is converted into said final statistics, based upon a cumulative said ~~at least one~~ box score from said more than one sports game and/or any additional portion thereof.

43. (Previously added): A converting device for converting a box score of a hockey  
15 game to statistics from intermediate data, comprising:

a device for obtaining said intermediate data from said box score, comprising:

a database for storing said box score,

means for converting said box score to said intermediate data, comprising  
accrued time and goals scored during power plays of opposing teams, and

20 means for storing said intermediate data; and

calculating means for obtaining said statistics from said intermediate data.

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

44. (New): The device according to claim 21, wherein said box score comprises at least one of: goals; goals for; all goals against; power play goals for; power play goals against; penalties for; penalties against; shots on goal for; shots on goal against; starting players (goaltenders); scoring; final score; all goaltending changes (if any); minor penalty; two-  
5 player penalty; major penalty; goaltenders total time played; total shots faced; total goals against; name of team; player; period and real time of occurrence, which created official time-out; total power play goals; total power play goals for; total power play opportunities for; total power play goals against; total power play opportunities against; and combination of at least any two thereof.

61  
10  
45. (New): The device according to claim 21, wherein said statistics comprise at least one of: composite power play; composite penalty efficiency; two-player power play; two-  
player penalty efficiency; major power play; major penalty efficiency; composite hot  
seat; hot seat two-player disadvantage; hot seat major disadvantage; earned goal average;  
15 and combination of at least any two thereof.

46. (New): The device according to claim 21, wherein said box score is obtained during at least one of: any time during said hockey game; the end of said hockey game; after said  
hockey game; before, at any time during, at the end of, and/or after more than one said  
20 hockey game, wherein said box score is converted into said statistics, based upon a cumulative said box score from said more than one hockey game and/or any additional portion thereof.

Application No. 08/878,356  
Preliminary Amendment dated October 16, 2003

G1 Claim 47. (New): The device according to claim 21, wherein said hockey game is from the group consisting of: hockey game, simulated hockey game, video game, and combination of at least any two thereof.
